

FOREWORD

ELKHA is a scientific journal regularly published twice a year by the Department of Electrical Engineering, Faculty of Engineering, Universitas Tanjungpura. The Papers published in this journal include Control Engineering, Electronics, Power Systems, Telecommunications, Informatics, Distribution Systems, and Industrial Engineering. The article can be in the form of a research or a review paper. Papers to be published should meet the **ELKHA's** template. An example is attached on the last page of this journal or can be found on **ELKHA's** website. Since 2022, the language used in this journal has been in English to have more global readers. The publisher calls for your contributions by submitting a manuscript that has never been published previously or under consideration by another publisher, and it will be double-blind reviewed. This journal is welcome to the sponsors who want to advertise by contacting the **ELKHA's** team.

EDITORIAL TEAM

Advisor: Head of Department of Electrical Engineering, Faculty of Engineering,
Universitas Tanjungpura

Editor-in-Chief

EDITOR PREFACE

Thank and praise God that **ELKHA** volume 15, number 2, can be published in October 2023. **ELKHA** journal is a medium for scientific activities in Control Engineering, Electronics, Power Systems, Telecommunication, Informatics, Distribution Systems, and Industrial Engineering. Publishing this **ELKHA** journal aims to create an academic atmosphere, especially the scientific development of the world academic and research community.

The representation of quality improvement is continuously carried out, both in papers quality and editorial aspects. Improving the quality of the content is carried out through the double-blind review process of the submitted manuscript with the help of editors and reviewers in their fields. Hopefully, all these efforts can improve the quality of **ELKHA** journals in the future.

Editors thank all parties who have supported the publication of the journal **ELKHA** volume 15, number 2. The editorial team hopes all the readers enjoy the paper's contents and freely use them as references for their works.
