

FOREWORD

ELKHA is a scientific journal regularly published twice a year by the Department of Electrical Engineering, Faculty of Engineering, Universitas Tanjungpura. The Papers published in this journal include Control Engineering, Electronics, Power Systems, Telecommunications, Informatics, Distribution Systems, and Industrial Engineering. The article can be in the form of a research or a review paper. Papers to be published should meet the **ELKHA's** template. An example is attached on the last page of this journal or can be found on **ELKHA's** website. Since 2022, the language used in this journal has been in English to have more global readers. The publisher calls for your contributions by submitting a manuscript that has never been published previously or under consideration by another publisher, and it will be double-blind reviewed. This journal is welcome to the sponsors who want to advertise by contacting the **ELKHA's** team.

EDITORIAL TEAM

Advisor: Head of Department of Electrical Engineering, Faculty of Engineering,
Universitas Tanjungpura

Editor-in-Chief

Seno D Panjaitan

CONTENTS**Volume 16, Number 1, April 2024**

Foreword	i-v
Grounding Analysis Based on Different Soil Characteristics in The Distribution System <i>Trisna Wati, Rizky Ramadhan, Megi Aji, Adhitya Ramdhan</i>	1-7
Design of Electric Motorcycle Variable with Battery Management System <i>Firilia Filiana, Riza H. Saputra, Syahrul F. Ramadhan</i>	8-14
Development of Salted Egg Maker by Using PLC Based on Osmotic Pressure Method <i>Ilmiatul Masfufiah, Vegal firmansyah, Syahri Muharom, Riza A. Firmansyah, Yulianto A. Prabowo, Wahyu S. Pambudi</i>	15-20
Application of Photovoltaic Panels as Producers of Electrical Energy With IoT Technology Based on Programmable Logic Controller <i>Budi Aryanto, Bomo W. Sanjaya, Herry Sujaini, Seno D. Panjaitan, Redi R.Yacoub, Nata Miharja</i>	21-27
Performance Analysis of Permanent Magnet BLDC Motor for Reducing Cogging Torque Using Taguchi Method <i>Ferdyanto, Gumilang Fatwa, Augusta Erlangga, Idris Marbawi</i>	28-35
Design and Construction of a 3-Phase Axial Type BLDC Generator for Wind Power Generator <i>Widyono Hadi, Gamma A. Rahardi, Handan Saroni, Ahmad N. Fathoni, Muhammad R. Pratama, Hasanur M. Firdausi</i>	36-42
Integration of Artificial Intelligence for Enhanced Coordination of DOCR Protection in Distributed Generation Systems <i>Destina S. Lestari, Samsurizal, Andi Makkulau</i>	43-49
Estimation of Lithium-Ion Battery Health in Electric Bicycles Using Internal Resistance Measurement Method <i>Riza H. Saputra, Muhammad R. Dewanto, Hadi Maulana</i>	50-55
The Effect of Soil Type on Touch Voltage and Step Voltage in the Grid Grounding System <i>Ayu Fitriani, Joel Panjaitan, Syofyan A. Syahputra</i>	56-62

ELKHA	Volume 16	Number 1	Page 1 - 62	Pontianak April 2024	p-ISSN 1858-1463 e-ISSN 2580-6807

EDITOR PREFACE

Thank and praise God that **ELKHA** volume 16, number 1, can be published in April 2024. **ELKHA** journal is a medium for scientific activities in Control Engineering, Electronics, Power Systems, Telecommunication, Informatics, Distribution Systems, and Industrial Engineering. Publishing this **ELKHA** journal aims to create an academic atmosphere, especially the scientific development of the world academic and research community.

The representation of quality improvement is continuously carried out, both in papers quality and editorial aspects. Improving the quality of the content is carried out through the double-blind review process of the submitted manuscript with the help of editors and reviewers in their fields. Hopefully, all these efforts can improve the quality of **ELKHA** journals in the future.

Editors thank all parties who have supported the publication of the journal **ELKHA** volume 16, number 1. The editorial team hopes all the readers enjoy the paper's contents and freely use them as references for their works.
