

FOREWORD

ELKHA is a scientific journal regularly published twice a year by the Department of Electrical Engineering, Faculty of Engineering, Universitas Tanjungpura. The Papers published in this journal include Control Engineering, Electronics, Power Systems, Telecommunications, Informatics, Distribution Systems, and Industrial Engineering. The article can be in the form of a research or a review paper. Papers to be published should meet the **ELKHA's** template. An example is attached on the last page of this journal or can be found on **ELKHA's** website. Since 2022, the language used in this journal has been in English to have more global readers. The publisher calls for your contributions by submitting a manuscript that has never been published previously or under consideration by another publisher, and it will be double-blind reviewed. This journal is welcome to the sponsors who want to advertise by contacting the **ELKHA's** team.

EDITORIAL TEAM

Advisor : Head of Department of Electrical Engineering, Faculty of Engineering,
Universitas Tanjungpura

Editor-in-Chief

Seno D Panjaitan

CONTENTS**Volume 17, Number 2, October 2025**

Foreword	i-v
4G Network Optimization Based on Hybrid Clustering, Physical Tuning, and Genetic Algorithm Rajwa Jilan Arridho, Vera Noviana Sulistyawan	84-93
Application of Anti-Collision Visual Detection Algorithm in Warehouse Management System Using Raspberry Pi Qory Hidayati, Danar Retno Sari, Muhammad Ramadhan Prastya	94-100
Optimal Hybrid Renewable Energy Integration for Reliable and Cost Efficient of Isolated System Novan Iman Ardhyantoro, Faiz Husnayain	101-108
Mitigating Class Imbalance in DDoS Detection: The Impact of Random Over Sampling on Machine Learning Performance Wildanil Khozi, Jasim Nadheer Hussein, Ramadhan Rakhmat Sani, Fauzi Adi Rafrastara, Cinantlya Paramita, Catur Supriyanto	109-117
Techno-Economic Study of a Hybrid Solar-DieselBESS Power System in Remote Island, Indonesia: Reducing Energy Costs and Carbon Emissions Abdullah Umar, Faiz Husnayain, Ade Rahmat, Yusmar	118-125
Analysis and Design of Irrigation Pumps Using Hybrid Solar-Grid Energy with Arduino Uno Control Paulus Mangera, Cipto	125-132
Analysis of the Effect of Temperature on Performance Efficiency in Three-Phase Transformers Yoga Tri Nugraha, Adam Pangestu, Sumita Wardani, Muhammad Irwanto, Faisal Irsan Pasaribu, Noorly Evalina	133-140
A Body Mass Index Measuring Tool with Ultrasonic Sensor and Load Cell (OBEMETER) Syaifurrahman, Dedy Suryadi, Abqori Aula	141-147
Zoned Audio Distribution: Systematic Review and Optimization Framework in Mosque Safiq Rosad1, Anton Yudhana, Tole Sutikno	148-154
Performance Evaluation and QoS Optimization of LTE-WLAN Aggregation in Small Cell Networks Eddy Wijanto, Kevin Sutanto	155-163
Integration of Matlab and LabVIEW for the Simulation of an AVR in a 1.1 kVA Synchronous Generator Widodo Pudji Mulyanto, Geraldi Leci, Irrine Budi Sulistiawati	164-171
Evaluation of RSSI-Based Distance Estimation with ESP32 BLE Modules for Indoor Asset Tracking Omar Al-Maktary, Misfa Susanto, Mardiana	172-179
Design and Implementation of a Kalman-Bucy Filter for Fault Detection in DC Motor Systems Dian Mursyitah, Ahmad Faizal, Elfira Safitri, Sovi Pebriani, Ramadhan Alfadri	180-187
IoT-Based Application Design for Battery Discharge Condition With C-Rate Variation Riza Hadi Saputra, Andhika Giyantara, Muhammad Ridho Dewanto, Jheskia Ardito Sawung	188-193

Optimalization of Load Balancing using Fuzzy Logic to Power Lost Costs in a 1 MVA Transformer <i>Liliana, Aulia Ullah, Zulfatri Aini</i>	194-202
Mathematical Modeling of Solar Power Generation Systems with Cross-Flow Cooling Pipes Based on Fuzzy Inference Systems <i>Shazana DA, Askhaarina Aulia Tsalits, Izza Anshory, M. Syahrul. M, Jamaaluddin Jamaaluddin, Darmansyah</i>	203-210
Evaluation of Wireless Solar Power Transfer System Performance in Partial Shadowing Situation <i>T. T. Gultom, M. Irwanto</i>	211-218

EDITOR PREFACE

Thank and praise God that **ELKHA** volume 17, number 2, can be published in October 2025. **ELKHA** journal is a medium for scientific activities in Control Engineering, Electronics, Power Systems, Telecommunication, Informatics, Distribution Systems, and Industrial Engineering. Publishing this **ELKHA** journal aims to create an academic atmosphere, especially the scientific development of the world academic and research community.

The representation of quality improvement is continuously carried out, both in papers quality and editorial aspects. Improving the quality of the content is carried out through the double-blind review process of the submitted manuscript with the help of editors and reviewers in their fields. Hopefully, all these efforts can improve the quality of **ELKHA** journals in the future.

Editors thank all parties who have supported the publication of the journal **ELKHA** volume 17, number 2. The editorial team hopes all the readers enjoy the paper's contents and freely use them as references for their works.
